

Video Scorecard

Fat Ass Film Festival of Outdoor Adventures

Try your hand at being a movie critic. Use this official scorecard to evaluate movies like the pros. If you return this sheet, your comments will be forwarded anonymously to the filmmakers to help them improve their craft. We'll have a show of hands at the end to determine the winner of the first annual Porkie award. You can view and share these and other adventure videos anytime at:

www.YouTube.com/user/ClubFatAss

Evaluation Criteria

Content (/2.5)

Aspects of the story and structure of the movie: script/story, creativity, originality, coherence.

Technical Excellence (/2.5)

Technical aspects of the movie: camera operation, visual creativity, soundtrack, effective use of special effects, editing.

Quality of Production (/2.5)

Was it too long or short? Cinematography: quality of audio, lighting, camera steadiness. Visual aesthetics: how the video appeared.

Overall Entertainment (/2.5)

Overall impression. Enjoyment factor. Meaningfulness. Replay value.
